PROFILE

Detail-oriented developer with experience building responsive web and mobile applications. Passionate about writing clean, maintainable code, improving user experience, and solving real-world problems through technology. Demonstrates excellent communication and leadership skills from virtual assistant experience.

TECHNICAL SKILLS

Frontend: React.js, React Native, JavaScript (ES6+), HTML5, CSS3, Tailwind, Redux

Backend: Node.js, Express.js, REST APIs, MongoDB, Firebase

Tools: Git/GitHub, VS Code, Postman, Figma, Agile/Scrum

Languages: English (Fluent), Kinyarwanda (Native), French (Conversational)

PROJECTS

E-Commerce Platform — *React, Node.js, MongoDB*

- Built a full-stack store with product filtering, shopping cart, and Stripe checkout
- Implemented JWT-based authentication and admin dashboard for managing inventory

SheLeads Finance — *React, Firebase*

- Created a finance dashboard for women entrepreneurs with charts and goal-setting
- Features include expense tracking, budgeting tools, and PDF reporting export

Recipe Mobile App — *React Native*

- Cross-platform app with 500+ recipes, meal planning, and favorites feature
 - Designed for intuitive UX.
-

EXPERIENCE

Software Developer

kLab Innovation Hub — 2024–Present

- Developed modern web/mobile applications using React and Node.js
- Collaborated with designers to build responsive and user-friendly interfaces

Virtual Assistant (Remote)

Self-Employed — 2023–Present

- Supported executives and entrepreneurs with administrative tasks, scheduling, and customer communication
 - Gained strong leadership and organizational skills through coordinating online projects and virtual meetings
 - Improved communication and time management skills by handling emails, reports, and client follow-ups efficiently
 - Used tools like Google Workspace, Trello, Zoom, and Notion to manage workflows remotely
-
